REMARKS

This is intended as a full and complete response to the Office Action dated June 6, 2005, having a shortened statutory period for response set to expire on September 6, 2005. Please reconsider the claims pending in the application for reasons discussed below.

Claims 1-20 are pending in the application. Claims 5, 8, 13, 16 and 19 have been amended. Claims 1-4, 11-12 and 17-18 have been cancelled. Claims 5-10, 13-16 and 19-20 remain pending following entry of this response. Applicant submits that the amendments do not introduce new matter and do not raise new issues.

Drawing Objection

The drawings are objected to. Figure 1 has been amended as "Prior Art" as required by the Examiner. The objection is believed to have been obviated. Withdrawal of the objection is respectfully requested.

Claim Objections - Allowable Subject Matter

Claims 5-7, 9, 10, 13-15, 19 and 20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 5, 13 and 19 have been rewritten in independent form including all of the limitations of the respective base claim and any intervening claims. Claims 6, 7, 9, 10, 14, 15 and 20 depend from the amended independent claims. Therefore, claims 5-7, 9, 10, 13-15, 19 and 20 are believed to be in condition for allowance, and allowance of the claims is respectfully requested.

Claim Rejections

Claims 1-4, 11, 12 and 16-18 are rejected under 35 U.S.C. 102(b) as being anticipated by *Leung et al.* (U.S. Pat. 5,729,152).

Claim 8 is rejected under 35 U.S.C. 103(a) as being unpatentable over *Leung et al.* in view of Fig. 1 of Applicant's specification.

PATENT

Atty. Dkt. No. INFN/WB0074

To move the prosecution forward in view of the allowable subject matter indicated by the Examiner, claims 1-4, 11, 12, and 17-18 have been canceled, and claims 8 and 16 have been amended to depend from claims 5 and 13, which have been amended to independent form respectively. Therefore, the rejections are believed to have been obviated. Claims 8 and 16 are believed to be in condition for allowance, and allowance of the claims is respectfully requested.

Conclusion

The secondary references made of record are noted. However, it is believed that the secondary references are no more pertinent to the Applicant's disclosure than the primary references cited in the office action. Therefore, Applicant believes that a detailed discussion of the secondary references is not necessary for a full and complete response to this office action.

Having addressed all issues set out in the office action, Applicant respectfully submits that the claims are in condition for allowance and respectfully requests that the claims be allowed.

Respectfully submitted,
